<b>LOS ANGELES COUNTY</b>			
Los Angeles Watershed			
Los Angeles River - General	Golden Shore Wetlands: Algalita Marine Research Foundation	<a href="http://www.algalita.org">www.algalita.org</a>	Algalita Marine Research Foundation (AMRF) is a Long Beach, California based non-profit environmental organization. AMRF is dedicated to the preservation of the marine environment. With the help of its chartered research vessel, The Oceanographic Research Vessel (ORV) Algalita, AMRF is actively engaged in innovative research, education and restoration of the marine environment.
	City of Los Angeles Ad Hoc River Committee	<a href="http://www.lacity.org/councilmte/lariver/">www.lacity.org/councilmte/lariver/</a>	In June of 2002, the Los Angeles City Council established the Ad Hoc Committee on the Los Angeles River to focus on the revitalization of the Los Angeles River and its tributaries. The City Council directed the Committee to coordinate and partner with other stakeholders on major revitalization efforts, recommend policy, and create a City role for river revitalization.
	LA & San Gabriel Rivers Watershed Council	<a href="http://www.lasgrwc.org">www.lasgrwc.org</a>	LASGRWC's mission is: to facilitate a comprehensive, multi-purpose, stakeholder driven consensus process to preserve, restore, and enhance the many beneficial uses, economic, social, environmental and biological, of the Los Angeles River and San Gabriel River watersheds eco-system through education, research, planning, and mediation.
	Friends of the Los Angeles River	<a href="http://www.folar.org">www.folar.org</a>	Friends of the Los Angeles River is a non-profit organization founded in 1986 to protect and restore the natural and historic heritage of the Los Angeles River and its riparian habitat through inclusive planning, education and wise stewardship.
Compton Creek	LA & San Gabriel Rivers Watershed Council	<a href="http://www.lasgrwc.org">www.lasgrwc.org</a>	See above.
	Rivers and Mountains Conservancy	<a href="http://www.rmc.ca.gov">www.rmc.ca.gov</a>	The RMC was authorized by the State to preserve urban open space and habitat for the enjoyment of, and appreciation by, present and future generations. To fulfill that mission, the RMC will undertake projects that provide low-impact recreation, education, wildlife and habitat restoration, and watershed improvements, prioritizing river-related recreation, greening, aesthetic improvements, and wildlife habitat.
Hazard Park Wetland Arroyo Seco Los Angeles Main Stem	North East Trees	<a href="http://www.northeasttrees.org">www.northeasttrees.org</a>	NET's mission is to connect people to our natural lands and waterways by designing and building environmentally sustainable open space projects and through education and conservation planning.
Arroyo Seco	Arroyo Seco Foundation	<a href="http://www.arroyoseco.org">www.arroyoseco.org</a>	The mission of the Arroyo Seco Foundation is to preserve and enhance the Arroyo Seco from the San Gabriel Mountains to the Los Angeles River, reforest our region and promote environmental and cultural awareness of one of Southern California's greatest natural resources.

Site	Organization	Resource	Notes
	Mountains Restoration & Conservation Authority	<a href="http://www.smmc.ca.gov">www.smmc.ca.gov</a>	Through direct action, alliances, partnerships, and joint powers authorities, the Conservancy's mission is to strategically buy back, preserve, protect, restore, and enhance treasured pieces of Southern California to form an interlinking system of urban, rural and river parks, open space, trails, and wildlife habitats that are easily accessible to the general public.
Rubio & Millard Canyons	Altadena Foothills Conservancy	<a href="http://www.altadenafoothills.org">www.altadenafoothills.org</a>	The primary purpose of the Altadena Foothills Conservancy (AFC) is the preservation of land in Altadena, California, focusing on the natural foothills that provide a buffer between developed residential neighborhoods and the rugged San Gabriel Mountains. AFC works cooperatively with other conservancies in the region and state.
Tujunga	The River Project	<a href="http://www.riverproject.org">www.riverproject.org</a>	The River Project is dedicated to planning for natural resource protection, conservation and enhancement in Los Angeles County. Its mission is to encourage responsible management of our watershed lands and revitalization of our rivers for the social, economic and environmental benefit of our communities. Through outreach, advocacy, scientific research and hands-on educational programs, the River Project provides communities with the tools to reclaim their riverfront lands.
	Tujunga Rivers Conservancy	<a href="http://www.tujungawatershed.org">www.tujungawatershed.org</a>	To foster better understanding and stewardship of the Tujunga Watershed, ensure effective flood control, promote resource restoration, and to improve sustainable watershed health, functions, and uses. To preserve the Big and Little Tujunga washes as wildlife corridors to link Hansen Dam Basin with the <i>Rim of the Valley Corridor</i> Park.
Sun Valley	TreePeople	<a href="http://www.Treepeople.org">www.Treepeople.org</a>	TreePeople's mission is to inspire the people of Los Angeles to take personal responsibility for the urban forest, training and supporting them so they plant and care for trees and improve the neighborhoods in which they live, work and play.
LA River Headwaters	Santa Susana Mountains Park Asso	<a href="http://www.pacificnet.net/~rickh/ssmpa">www.pacificnet.net/~rickh/ssmpa</a>	A non-profit, volunteer organization dedicated to the preservation and protection of the Santa Susana Mountains and Simi Hills.
	Mountains Restoration Trust	<a href="http://www.mountainstrust.org">www.mountainstrust.org</a>	The Mountains Restoration Trust is committed to preserving, protecting and enhancing the natural resources of the Santa Monica Mountains in the County of Los Angeles, California. MRT accomplishes this by working in several areas: land acquisition, cooperative planning, restoration, and offering education, and recreation programs.
Los Cerritos Wetland	Los Cerritos Wetlands Task Force	<a href="http://www.loscerritos.org">www.loscerritos.org</a>	Dedicated to the preservation and full restoration of the entire remaining Los Cerritos Wetlands
	California Earth Corps	<a href="mailto:earthcorps@earthlink.net">earthcorps@earthlink.net</a>	The Mission of California Earth Corps is to Conserve, Protect and Restore (CPR) the Natural Resources of the State of California. California Earth Corps will undertake such efforts to implement this goal, through Education, Legislation, Litigation and Administrative actions, as is consistent with Section 501(c)4 of the Internal Revenue Code and authorized by the California Earth Corps Board of Directors.

Site	Organization	Resource	Notes
Colorado Lagoon	Friends of the Colorado Lagoon	<a href="http://www.friendsofcoloradolagoon.org">www.friendsofcoloradolagoon.org</a>	The Friends of Colorado Lagoon (FOCL) is a coalition of concerned citizens working to restore and preserve the Colorado Lagoon. We promote cooperative solutions to ensure a healthy balance between recreation, flood management, safe water and wildlife habitat for the Colorado Lagoon.
<b>San Gabriel River Watershed</b>			
San Gabriel River - General	Rivers and Mountains Conservancy	<a href="http://www.rmc.ca.gov">www.rmc.ca.gov</a>	See above under Los Angeles River Watershed.
	San Gabriel Mountains Regional Conservancy	<a href="http://www.sgmrc.org">www.sgmrc.org</a>	Connecting Mountains, Urban Creeks, and the Watershed of the Upper San Gabriel River
	LA & San Gabriel Rivers Watershed Council	<a href="http://www.lasgrwc.org">www.lasgrwc.org</a>	See above under Los Angeles River Watershed.
	North East Trees	<a href="http://www.northeasttrees.org">www.northeasttrees.org</a>	See above under Los Angeles River Watershed.
	Friends of the San Gabriel River	<a href="http://www.sangabrielriver.org">www.sangabrielriver.org</a>	The Friends of the San Gabriel River is working with residents from to educate residents and energize communities, to serve as an advocate and catalyst for effective action to clean up and restore the river, to protect water quality, and to celebrate the natural splendor of the river.
	Puente Hills Landfill Native Habitat Authority	<a href="http://www.habitatauthority.org">www.habitatauthority.org</a>	The Puente Hills Landfill Native Habitat Preservation Authority (Habitat Authority) is a Joint Powers Authority with a Board of Directors consisting of the City of Whittier, County of Los Angeles, Sanitation Districts of Los Angeles County, and the Hacienda Heights Improvement Association. The purpose of the authority is to acquire, restore and maintain open space in the Puente Hills as a permanent protection for the native habitat. The Habitat Authority 's jurisdiction extends within eastern Los Angeles County approximately from the intersection of the 605 and 60 Freeways in the west to Harbor Blvd. in the east.
	Whittier Narrows Nature Center	<a href="http://parks.co.la.ca.us/whittier_narea.html">http://parks.co.la.ca.us/whittier_narea.html</a>	The Whittier Narrows Nature Center's goals, in part, are to engender respect for natural areas and natural resources and provide nature-related learning activities through first experiences with living plants and animals.
	El Dorado Nature Center	<a href="http://www.ci.long-beach.ca.us/facilities/Eldoradonaturecenter">www.ci.long-beach.ca.us/facilities/Eldoradonaturecenter</a>	
<b>Dominguez Watershed</b>			
General	Dominguez Watershed Advisory Committee	<a href="http://www.ladpw.org/wmd/watershed/dc">www.ladpw.org/wmd/watershed/dc</a>	Foster better understanding and stewardship of the Dominguez Watershed, promote resource restoration and ensure sustainable watershed health,
Machado Lake	South Bay/Palos Verdes Peninsula Audubon	<a href="http://www.lmconsult.com/pvaudubon">www.lmconsult.com/pvaudubon</a>	PV/South Bay's mission is to preserve and understand the natural heritage. Its principal activities relate to Harbor Park, including planning for the watersheds that include it.

Site	Organization	Resource	Notes
Madrona Marsh	Friends of Madrona Marsh	<a href="http://www.friendsofmadronamarsh.com">www.friendsofmadronamarsh.com</a>	The Friends of Madrona Marsh is a non-profit organization dedicated to preserve the Madrona Marsh. They are involve in creating, sponsoring, and conducting various activities to promote the preservation of the marsh. Members and volunteers also assist in tours and different projects of the Torrance Parks and Recreation.
PV Peninsula	Palos Verdes Peninsula Land Conservacny	<a href="http://www.pvplc.org">www.pvplc.org</a>	The Palos Verdes Peninsula Land Conservancy is a nonprofit, non-political public-benefit corporation formed to preserve undeveloped land on California's Palos Verdes Peninsula in perpetuity as open space for historical, educational, ecological, recreational, and scenic purposes.
	North East Trees	<a href="http://www.northeasttrees.org">www.northeasttrees.org</a>	NET's mission is to connect people to our natural lands and waterways by designing and building environmentally sustainable open space projects and through education and conservation planning.
Gardena Wetlands	City of Gardena: Gardena Willows	<a href="mailto:dnegrete@ci.gardena.ca.us">dnegrete@ci.gardena.ca.us</a>	Deep in the heart of the City of Gardena is a 13-acre wetland, a remnant of the once extensive wetlands of the Dominguez Watershed. The City of Gardena owns and manages the wetland and is currently restoring it: removing invasive plant species and replanting with natives, creating a scenic overlook and a small system of trails. The wetland has recorded 130 species of birds on site and tree frogs!
<b>Santa Monica Bay Watersheds</b>			
Santa Monica Bay	Santa Monica Bay Restoration Project	<a href="http://www.santamoncabay.org">www.santamoncabay.org</a>	The health of the Santa Monica Bay is vital to our regional economy, our local ecology as well as our collective well-being. In recognition of the need to restore and protect the Santa Monica Bay and its resources, the State of California and the U.S. Environmental Protection Agency established the Santa Monica Bay Restoration Project (SMBRP) as a National Estuary Program in December 1988. The Project was formed to develop a plan that would ensure the long-term health of the 266 square mile Bay and its 400 square mile watershed, located in the second most populous region in the United States. That plan, known as the Santa Monica Bay Restoration Plan, won State and Federal approval in 1995. Since then the SMBRP's primary mission has been to facilitate and oversee the implementation of the Plan.
	Heal the Bay	<a href="http://www.healthebay.org">www.healthebay.org</a>	Heal the Bay was founded in 1985 to fight for a "fishable & swimmable Bay." It is a nonprofit environmental organization dedicated to making Santa Monica Bay and Southern California coastal waters safe and healthy for people and marine life. It uses research, education, community action and policy programs to achieve this goal.
	The Bay Keeper	<a href="http://www.smbaykeeper.org">www.smbaykeeper.org</a>	The BayKeeper is your citizen "park ranger" for the Santa Monica Bay, San Pedro Bay, and the adjacent coastal waters and watersheds. The primary mission is to continually survey the environmental health of these resources; to alert the public to potential hazards and expose those who contribute in any way to the degradation of this ecosystem.

Site	Organization	Resource	Notes
(Nicholas Canyon)	Wishtoyo Foundation	<a href="http://www.wishtoyo.org">www.wishtoyo.org</a>	Wishtoyo is a bridge preserving the wisdom of the ancient Chumash and linking it to the present day environmental issues.
(Nicholas Canyon)	Nature Trust	<a href="http://www.naturetrust.net">www.naturetrust.net</a>	The Nature Trust is committed to protecting natural areas of the Santa Monica Mountains for habitat conservation, nature based education, and outdoor recreation.
Ballona Creek	Ballona Creek Renaissance	<a href="http://www.ballonacreek.org">www.ballonacreek.org</a>	Ballona Creek Renaissance is a non-profit tax-exempt 501(C)(3) organization based in Culver City. It's purpose is to improve Ballona Creek and the community's use of it in several ways: water quality; ecosystems; recreation; arts; and attractions and amenities.
	Ballona Creek Task Force	<a href="http://www.ladpw.org/wmd/watershed/bc">www.ladpw.org/wmd/watershed/bc</a>	The Ballona Creek Task Force is a stakeholder group consisting of state agencies, local jurisdictions , community groups and community members focused on developing a watershed management plan for Ballona Creek.
	North East Trees	<a href="http://www.northeasttrees.org">www.northeasttrees.org</a>	NET's mission is to connect people to our natural lands and waterways by designing and building environmentally sustainable open space projects and through education and conservation planning.
Ballona Wetlands	Ballona Wetlands Land Trust	<a href="http://www.ballona.org">www.ballona.org</a>	The Ballona Wetlands Land Trust ('Land Trust'), founded in 1994, is a non-profit community organization dedicated to facilitating the public acquisition, restoration and preservation of the entire 1,087 acre Ballona Wetlands ecosystem, including salt and fresh water wetlands, dunes, bluffs and upland habitat.
	Ballona Wetlands Foundation	<a href="http://www.ballona-wetlands.org">www.ballona-wetlands.org</a>	Ballona Wetlands Foundation is dedicated to the preservation and protection of the Ballona Wetlands Ecosystem. Through research, educational programs, and activities, the Foundation strives to enhance the public's appreciation and enjoyment of wetlands and inspire an ongoing commitment to this Southern California Coastal treasure.
	Friends of Ballona Wetlands	<a href="http://www.ballonafriends.org">www.ballonafriends.org</a>	Friends of Ballona Wetlands' mission is to preserve, protect and restore the last major coastal wetland in Los Angeles County and to provide a unique and valuable learning environment for the community.
	Wetlands Action Network	<a href="mailto:wetlandact@earthlink.net">wetlandact@earthlink.net</a>	
Topanga Creek	Resource Conservation District Santa Monica Mtns	<a href="http://www.rcdsmm.org">www.rcdsmm.org</a>	The Resource Conservation District of the Santa Monica Mountains is dedicated to: <ul style="list-style-type: none"> <li>• providing education and leadership in the creation of programs to conserve and enhance the natural resources of the District;</li> <li>• inspiring and mobilizing public conservation involvement; and</li> <li>• identifying natural resource issues.</li> </ul>
	Santa Monica Bay Restoration Project	<a href="http://www.santamonicabay.org">www.santamonicabay.org</a>	The Santa Monica Bay Restoration Project was formed to develop a plan that would ensure the long-term health of the 266 square mile Bay and its 400 square mile watershed, located in the second most populous region in the United States. The SMBRP's primary mission has been to facilitate and oversee the implementation of the Plan.

Site	Organization	Resource	Notes
Malibu Creek	Resource Conservation District Santa Monica Mtns	<a href="http://www.rcdsmm.org">www.rcdsmm.org</a>	The Resource Conservation District of the Santa Monica Mountains is dedicated to: <ul style="list-style-type: none"> <li>• providing education and leadership in the creation of programs to conserve and enhance the natural resources of the District;</li> <li>• inspiring and mobilizing public conservation involvement; and</li> <li>• identifying natural resource issues</li> </ul>
	Malibu Creek Watershed Advisory Committee	<a href="http://www.malibuwatershed.org">www.malibuwatershed.org</a>	The Malibu Creek Watershed Advisory Council is made up of representatives working to protect and preserve the health of the Malibu Creek Watershed and its adjoining watersheds. Led by the Resource Conservation District of the Santa Monica Mountains, the Council meets every other month to discuss watershed-related issues pursuant to these priorities.
Cold Creek	Mountains Restoration Trust	<a href="http://www.mountainstrust.org">www.mountainstrust.org</a>	The Mountains Restoration Trust is committed to preserving, protecting and enhancing the natural resources of the Santa Monica Mountains in the County of Los Angeles, California. MRT accomplishes this by working in several areas: land acquisition, cooperative planning, restoration, and offering education, and recreation programs.
Santa Clara River Watershed			
Santa Clara River	Friends of the Santa Clara River	<a href="http://www.fscr.org">www.fscr.org</a>	Friends of the Santa Clara River (FSCR) is a non-profit, public interest organization dedicated to the protection, enhancement and management of the resources of the Santa Clara River, which flows approximately 100 miles from Acton, California to the Pacific Ocean. The Santa Clara is one of only two natural river systems remaining in Southern California, and crosses lands with many uses and local governments. FSCR is participating in a major river planning effort, the Santa Clara River Enhancement and Management Plan.
	Rivers and Mountains Conservancy	<a href="http://www.rmc.ca.gov">www.rmc.ca.gov</a>	The RMC was authorized by the State to preserve urban open space and habitat for the enjoyment of, and appreciation by, present and future generations. To fulfill that mission, the RMC will undertake projects that provide low-impact recreation, education, wildlife and habitat restoration, and watershed improvements, prioritizing river-related recreation, greening, aesthetic improvements, and wildlife habitat.
